“THE YEAR 2020 HAS UNDOUBTLY BEEN THE MOST CHALLENGING OF MY 23 YEARS IN PRACTICE, YET THE MOST REWARDING AT THE SAME TIME,” SAID DR. WARREN C. JACOBY.

Chiropractic care was deemed essential by the U.S. Department of Homeland Security right from the start of the pandemic. As a result, Dr. Jacoby immediately decided to keep his doors open to serve the needs of his patients.

Warren C. Jacoby, DC

“I’ve seen a lot of people overwhelmed with stress, fear and anxiety over the past several months which can increase pain and dysfunction throughout the body, affecting one’s overall level of health,” he said. Chiropractic is extremely effective, he added, in helping the body heal itself without drugs and surgery and now occupies a largely mainstream place in healthcare.

Dr. Jacoby sees patients of all ages in his office and uses a variety of techniques to best suit the needs of each individual. Jacoby Chiropractic LLC is affiliated with Total Health Associates.
